

Pawsecco

STILL 'WINE' FOR CATS & DOGS

the purrfect treat for those on four feet

Pawsecco

STILL 'WINE' FOR CATS & DOGS

The purrfect treat for those on four feet.

Never mind the glass being half empty, with Pawsecco still 'wine' for cats and dogs their glass, well bowl, will always be full. Full until they've lapped it up of course! This healthy, herbal infusion, with proven palatability, creates a delicious 'au jus' and means you can share the experience of a relaxing tipple with your four-legged best friend, safe in the knowledge that you are spoiling them from both a tonic and treat perspective. Pawsecco is non-alcoholic & grape-free & has been created with the advice of veterinary experts.

Pawsecco is designed to be served over food (especially for feline friends), but it's really up to pets to decide. Much like the human market, it can be added to food, poured as a drink and some of customers drink 'straight from the bottle' as it's being poured into their bowl.

*available in pet-house white
& pet-house rose*

PET-HOUSE WHITE

A healthy, herbal infusion of Elderflower, Nettle, Ginseng & Limeflower

ALCOHOL FREE & NO GRAPES

Composition: Elderflower, Nettle, Ginseng, Limeflower, Water, Acidifier Lactic Acid. Preservative: Potassium Sorbate
